

Eastern Counties Cavalier King Charles Spaniel Club

Open Show - Saturday 22nd October 2022

Class A – Special Award Puppy Dog / Bitch

1) *Knights - Miss Chloe*

Blenheim bitch, lovely size, expressive eyes, good dentition, correct ear set, flat skull, also sporting the all desirable blenheim spot! Her head still needs time to mature, but only a baby she has time. She moved very well with level top-line, good rear drive. Tail set is good, slightly longer in back than 2, good reach of neck. Very promising bitch puppy.

2) *Tarabad's - Frondil Dahlia Smith*

Lovely Black and Tan bitch, just 6 months old today! She has a level top line and correct tail set well positioned and carried straight off her back on the move. Nice length of body, very nice to look at in side proportion. Reasonable stop and has a correct flat skull, ear set correct, good bite. She moved very well and is balanced on the move in side profile, all be it a very excitable and at times one a bungee lead!!! I look forward to seeing her development in the future.

Class B – Special Award Graduate Dog / Bitch

1) *Knights - Buttercup V't Burgstse Hof at Carolus*

Very beautiful head, perfectly flat skull, correct ear set encapsulating her expressive eyes, perfect dentition. Enough neck flowing into a level top-line, tail-set could be set a little higher, however she carries it well on the move and stood. Lovely movement in all directions, perfectly balanced in side profile. Exceptional front construction, good depth of fore-chest chest and well laid shoulders. Oozes breed type, pleasure to go over.

2) *Rhodes - Calonlan Tri Mai Chai*

Tri colour bitch, huge round dear expressive eyes, very pleasant head defined stop gentle curve to her skull with well placed ears, not as feminine as 1 in head. Slightly longer cast in body than 1, moved well with good rear drive, balanced in side profile. On the move her tended to rise slightly over the loin, however did not detract from the overall picture.

Class C – Special Award Graduate Dog / Bitch

1) *Surman's - Cavaleigh Kennedy*

Nicely matured blenheim male, this lad caught my eye when he came into the ring. He has a good stop, level top skull, nicely curving into well set ears, also perfect dentition. His expressive, dark eyes really add to his type and appearance He is free moving and well balanced dog, true in rear and front. He has enough neck which flows into a firm top-line. His top-line is held firm and level on the move. Lovely chest, well sprung ribs with good depth. Carries tail beautifully stood and on the move. He moved well and was presented very well today.

2) *Knowles – Luphenex Solent Lad*

Blenheim boy, his head is nice, he has a good level skull and pleasing expression, however does not ooze the quality, type and expression as 1. Top-line OK, I would prefer more lay of shoulder, as his rear end is over angulated in comparison. This boy needs some additional time to fully mature .
